ABOUT THE ORGANIZATION

Edunet Foundation (EF) promotes youth skilling, innovation, and entrepreneurship. It works with top global technology companies and Indian multinationals to further its goals. It has been working across the education spectrum – with government agencies, colleges, and schools around India – to help prepare our future workforce for future careers. Edunet Foundation enjoys "Special Consultative Status" with the Economic and Social Council at the United Nations. Edunet Foundation was recently certified as a "Great Place To Work", by the Great Place To Work Institute, the global entity that evaluates workplaces on key criteria such as credibility, respect, fairness, pride, and camaraderie.

Programme Sponsors

Microsoft (Nasdaq "MSFT" @microsoft) enables digital transformation for the era of an intelligent cloud and an intelligent edge. Its mission is to empower every person and every organization on the planet to achieve more. Microsoft set up its India operations in 1990. Today, Microsoft entities in India have over 16,000 employees, engaged in sales and marketing, research, development and customer services and support, across 11 Indian cities – Ahmedabad, Bengaluru, Chennai, New Delhi, Gurugram, Hyderabad, Kochi, Kolkata, Mumbai, Noida and Pune. Microsoft offers its global cloud services from local data centers to accelerate digital transformation across Indian startups, businesses, and government organizations.

SAP India is the fastest growing subsidiary of SAP SE, the world's leading provider of business software solutions. SAP India began its operations in 1996 with headquarters in Bangalore and offices in Mumbai, New Delhi, Kolkata, and a direct presence in nine cities across India, besides having marketing associates in Sri Lanka and Bangladesh. Declared as the 'Hub of the year in the Asia Pacific and Japan" in 2007, SAP India witnessed an unprecedented growth of over 100% both in terms of license revenue and customer acquisition.

The training started on Monday (30-10-2023) by 9:30 am with inauguration program and carried out successfully. All final year students of CSE and ECE have attended the training and explored knowledge on basics of Artificial Intelligence and Machine Learning.

Hand-on Practice of Students

The Hands-on AI, Cloud Computing, and Database Integration program is designed to provide student participants with a comprehensive understanding of Artificial Intelligence (AI), practical experience in cloud computing environments, and the integration of databases for efficient data storage and retrieval. Through a combination of theoretical knowledge and hands-on exercises, learners developed the skills needed to build and deploy AI models, leverage cloud platforms for scalable data processing, and effectively manage data using databases.
